

## Local Lodges Attend Service

At the Gordon Memorial Church Last Sunday Evening

Members of the local Oddfellows and Rebekah lodges accompanied by a large number of visitors from Medicine Hat attended the service at Gordon Memorial church last Sunday evening, where the pastor, Rev. R. N. Matheson, preached an exceptionally impressive and appropriate sermon. Taking for his text Proverbs 7 and 17 Mr. Matheson based his remarks on the three links, the emblem of the order.

After a brief historical sketch, the well known emblem of Oddfellows was described as symbolizing three life principles, which, he said, do not depend on social or economic conditions, but are accessible to all intelligent men. These principles are essential in the construction of character and in the expression of loyalty. Friendship is the basis of congenial spirits. Love constrains itself to service and sacrifice without thought of reward. Truth is a foundation rather than a habit. It is the lodestone upon which individuals and nations must build if they would achieve greatness. Oddfellows were urged not to be mere play actors, learning an emblem, but living worthy of the principles it embodies not to be superficial, content to receive praise or put on degrees, but rather to burrow to the very heart of Oddfellowship. Because there will also be found in the heart and soul of the Lord Jesus Christ. He is the friend that sticks closer than a brother. He is the great love. We have become as first he loved us and gave himself for us. He is not merely a teacher of truth, He is the Truth. Loyalty to Jesus, then, supplies the goal of a full and adequate expression to the principles embodied in the three links of Oddfellowship. The church was well filled for the occasion and during the evening the choir rendered special music.

## FORT WILLIAM HAS GRAIN SHIPPING RECORD

The other day a fleet carrying a little 8,000,000 bushels of wheat sailed from Fort William-Port Arthur. "Undoubtedly," says the Winnipeg Grain Trade Review, "this is the largest shipment of wheat in any one day from any port in the world." There has been enough in that one shipment to feed the great city of London for over two months. There were more than all the ocean ports of North America on both coasts have shipped in any one week during the past month, more than Australia ever shipped in a week, and more than Argentina has shipped in any week this season.

## BIRTHING NEW GAME BIRDS INTO ALBERTA

Considerable attention is being paid to re-stocking provincial woods with game birds. Steps are being taken to secure from the Dominion government a supply of Russian "cock of the rock," a splendid game bird for setting out in Alberta. It is claimed that the game bird will thrive as well in the Canadian West as the Hungarian partridge, of which there are now hundreds of thousands from the few released out just twenty years ago. At the same time Calgary's Fish and Game Association is planning to import English pheasants and bob-white tail.

## INFORMATION IS FAR BEHIND THE TIMES

"By the end of the present month, the first wall of the new bridge will be erected by electrical power will be supplied in by contractors employed by the Marquis of Anglesley, lord chamberlain to Her Majesty Queen Mary." The foregoing is a special dispatch to the *Lancashire Herald* from Calcutta. The correspondent is belated the times in his information he is giving. Electric power for drilling had been used in Medicine Hat and Redcliff for the last two years—Medicine Hat News.

Shortly after the opening of the wheat market yesterday afternoon advanced sharply on reports of rain and snow on the prairie. The July option reflected the maximum strength with a gain of ten cents while 20 minutes.

## Football Game in Medicine Hat Tonight

Between 2 Teams Picked from Players in the League

A football game between two picked teams from the league will be played in Medicine Hat this evening for the purpose of picking an star team to play against St. Catharines on May 24th.

The teams picked for tonight's game are as follows:  
No. Team—Goal, Thompson (Redcliff); G. Davies (Redcliff) and P. Harvey (C.P.R.); Robertson (Callins) Patterson (Callins) and McDonald (C.P.R.).  
No. 2 Team—Goal, S. Wain (C.P.R.); G. Gault (Callins) and P. Harvey (Redcliff); Layke (Redcliff); L. Matheson (C.P.R.) and McCullay (C.P.R.); Carpenter (Callins), Cowden (C.P.R.), J. Thompson (Callins), Phillips (Redcliff) and Reynolds (Callins); Stevenson—Butcher (C.P.R.) and P. Appleton (Callins).

The game is called for 8:30 sharp. This should prove a most interesting game to the spectators.

Redcliff players picked for the game tonight should be in the Legion club rooms at 5:45 as arrangements have been made with H. J. Cox for their transportation to Medicine Hat.

## TREE PLANTING HAS HAD GOOD RESULTS

The planting of shelter belts around farms on the Canadian prairie has given appreciable results from the agricultural standpoint, says a report of the department of the interior. The water-conserving power of the soil has increased; better crops have resulted and the protection from extremes of temperature and of wind movement has enabled the introduction of the hardier fruits in many instances. Of particular importance is the additional moisture secured through the formation of snowdrifts which melt gradually as spring approaches, providing water after seedling open areas have largely dried up.

## Churches

### ST. AMBROSE CHURCH

10 a.m. St. R. H. Hines  
10:30 a.m. St. R. H. Hines  
11 a.m. Choral Eucharist and Sermon (Rev. W. C. Western).  
3 p.m. St. R. H. Hines.  
5 p.m. St. R. H. Hines (Primary Classes).

Thurs.-Sund., W. A. at 4:15 p.m.  
Girls' Auxiliary, 7:15 p.m.  
St. W. A., at 8 p.m.  
Evening, 8 p.m.  
Friday—Evening, 7:30, followed by Choir practice.

### GORDON MEMORIAL UNITED CHURCH

R. N. Matheson, R. N. Minister.  
Dear stranger: If your home church is not in town, Gordon Memorial will be glad to welcome you to share in their activities and service.  
Official Board, Second Sunday of each month.  
Communion Service, Second Sunday of each month.  
Worshipers' Memorial Band, 10:30 a.m. (First and Third Mondays of each month).  
Ladies' Aid, Thursday afternoon at 2 p.m. (except last Thursday of the month).  
Sunday, May 22nd.  
10 a.m. Church School.  
Presentation of Certificates.  
11:15 a.m. Public Worship.  
The Prussian Psalm.  
7:30 p.m. Evening Service.  
The Divine Invitation: "Let us reason together."  
8:30 p.m. Choral. Mothers' Day Celebration.

### CHURCH OF THE BRETHREN

Sunday School, 10:30 a.m.  
Ladies' service will be held.

### ST. MARK'S CHURCH

Celebration of Mass, Second and Fourth Sundays of each month at 8:30 a.m.

## Diamond Jubilee Meeting on Monday

A meeting of all members of Stange's Executive will be held in the Legion reading room on Monday evening next at 8 p.m. for the purpose of receiving reports from the various committees appointed to look after arrangements for the big Diamond Jubilee Celebration here on July 1st. Also to arrange other details. As the time is now getting short a full attendance is urgently requested.

## Redcliff High Loses To Medicine Hat

Return Game Was Played Here Last Monday Evening

Last Tuesday evening after school Medicine Hat High defeated Redcliff 14-0 in a return game with our school team here. As in the first game the visitors were much superior all over the diamond and had no trouble in walking away with a victory by a good substantial lead. The visitors had a big advantage over the home team in batting and once they got on a base it was easy picking for them to get around as Redcliff had little or no hitting power in the lower parts. However, Redcliff showed some signs of improvement and with a little more systematic practice they will yet be in the running. The boys should make arrangements with some of the old timers at the game to visit them in their practices and give them some instruction.

The warm weather over last week and started complacency among the young folks as to what the swimming pool was going to open up.

The Liberal government was returned to power in the general election in Quebec last Monday. The Conservatives force reduced from 18 to 10.

## WHEAT POOL NEWS

Alberta Wheat Pool local elevators have handled a total of over five and a quarter million bushels of wheat from the 1926 crop.  
The pool has forty-two local elevators in operation at the present time. One hundred additional elevators will be built or acquired during the spring months.  
The average handling of the Pool elevators to date is 124,789 bushels per elevator. Some of the elevators were not opened until late in the fall of 1926. On the whole the record of the Pool group of "houses" has been satisfactory.

Strome Pool elevator heads the list with total handling of 266,979 bushels. C. K. Krueger is manager of this elevator. Ponaka Pool elevator, C. C. Shelton, manager, handled 218,493 bushels, ranking second in the list. Candidate handled 216,600 bushels. N. Nelson being manager of that elevator, which ranked third. Kilian Pool handled 214,414 bushels. R. C. Armstrong being the manager. High River 187,837 bushels. Woodhouse 176,025, Daynall 175,495, Daulton 166,522, Ensign 164,406, Carter 150,633.

## ARCOS RAID IS SUBJECT OF PROTEST

The raid made on Soviet headquarters in London last week, when many papers and propaganda literature seized by Scotland Yard men, is now causing anxiety both in London and in Russia. The Soviet government has sent a note to the British charge d'affaires protesting against the raid and declaring that the continuance of communist relations with this country is possible only on the condition of exact fulfillment of the provisions of the commercial treaty signed in 1921, free from "violations" growing out of inter-party maneuvers and the fantastic beliefs of one minister or another. It demands from the British government a definite assurance in this respect, from which it says, "no concessions can be made."

## GORDON MEMORIAL NOTES

Some weeks ago twenty or more members of intermediate and senior departments of Gordon Memorial Sunday school wrote on a bible study test examination. The papers were prepared and read by the national Sunday School Board in Toronto. The tests were based upon a general knowledge of the bible and the Sunday School course covered in the studies for the first quarter, January to March, of this year. Candidates who obtained 60 percent received a handsome certificate and over 80 percent a prize. Seven certificates were awarded to our school but no prizes. The following scholars will receive certificates: Senior department, one certificate: Senior Dept., Francis Buckle 75, Nora Rose 62; intermediate department, Thomas Melville, Irene Buckle 71, William Selheim 69, Helen Matheson 67, Hugh Matheson 62.

The standing in this examination will be considered in the final tests at the end of the year for general all over. A handsome diploma will be given to the winner by Mrs. C. T. Hall.

The executive would greatly appreciate a similar spirit being offered for general proficiency in the junior department of the church school.

## Here and There

Alberta is now in "harvest" of the oil and gas in Canada. In 1925 the province produced 1,000,000 barrels of oil and 1,000,000 barrels of gas. The production of oil and gas is increasing rapidly.

Under the trade delegate to the United States and Republics Representative, the report that the oil and gas in Canada is increasing rapidly.

During the year of 1926 over 10,000 square miles of mineral lands in the Dominion were mapped by the department of the interior. This is one of the most important work in the past year.

A bill to establish a fish, game and wild life sanctuary in the interior of Nova Scotia has been passed by the House of Commons. The bill is to be introduced at the session of the House of Commons in Ottawa.

A large single shipment of motor oil, a solid trainload of 20 cars of Marvich, left Barrie for various points in the west, but mostly for Vancouver. The oil is a Canadian-manufactured product which has been developed within the past year. At Port William the special train was handed over to the Canadian Pacific Railway for exhibition along its line.

Announcement of the offer of two scholarships annually by E. W. Beatty, chairman and president of the Canadian Pacific Railway, and President of McGill University, in the first male candidate in Greek and Latin, and in the highest mark in mathematics in the University. The University was made recently by Sir Arthur Currie, principal of McGill. A value of \$500 is attached to each scholarship.

According to the department of Colonization and Development of the Canadian Pacific Railway, there is every indication that there will be a great increase in the number of immigrants coming to Canada this year compared with the number last year. The number of immigrants for the first of the present year Canadian Pacific, there have brought to Canada approximately 15,000 new settlers.

Reports from all over southern Alberta indicate that seeding operations are well advanced.

## Summer Schedule For C.P.R. Trains

Slight Change Now in Both Trains Going East

Changes in the C.P.R. timetable became effective on May 15th as very little change from the winter schedule so far as Redcliff is concerned.

There is no change in the time of westbound trains Nos. 3 and 1. No. 3 still goes through at 10:30 a.m. and No. 1 at 10:30 p.m.  
Eastbound train No. 2 is 9 minutes later, going through now at 7:21 a.m. The evening train No. 4 is 15 minutes later. The new time is 9:12 p.m.  
The Redcliff local going east on Wednesdays and Saturdays has no stop from Redcliff east, but may be expected here considerably earlier than in the past. About 9:10 a.m. is the time now. This train goes west Mondays and Thursdays at approximately 9:30 a.m.

The two fast trains are also in operation but do not stop here. No. 6 westbound goes through Medicine Hat at 4:10 a.m. and No. 5 eastbound arrives in the Hat at 12:35 a.m.

## LO.O.F. TO HOLD DANCE IN CLIFF HALL ON MONDAY

Bills are now out announcing a dance to be given in the Cliff hall on Monday evening, May 22, under the auspices of the local L.O.O.F. lodge. Baxley's orchestra has been engaged for the occasion. Dancing from 9 to 12 p.m. and refreshments will be served at midnight. Admission \$1.00 a couple and extra ladies free.

## SLOGAN COMPETITION IS ON FOR JUBILEE DAY

Details of the "slogan contest" instituted by the national committee for the celebration of the jubilee of confederation have been worked out. One kilo, silver and bronze medals are offered "for the best slogan" that will convey the spirit of Canadian progress and be appropriate for use in this year of jubilee and "honor" to the nation. The slogan must be in English and no more than 100 words. The prize will be awarded by the National Jubilee Committee, 104 Wellington Street, Ottawa.

## WYOMING TOWN IS WIPED OUT BY TORNADO FLASH

A wall of water released yesterday when the Gros Ventre slide gave way, northwestern Wyoming, wiped out the village of Kelly, Wyo., and swept over Wilson, Wyo., storm of about 500 population, according to reports. Others say follow in other parts of the province in the near future.

## OUR RAILROAD RATES ARE LOWEST IN THE WORLD

Experts testified before the Dominion Railway Board at Ottawa that the Canadian railways are giving a service comparable to that of the United States or any other country of the world, at rates which are the lowest in the world.

## BRITISH BOYS ARE COMING TO ALBERTA

Arrangements are being made by the Provincial Government for the selection by the Hon. H. Greenfield of 75 British boys for training in the Government agricultural schools. The results of previous government efforts along these lines have been highly satisfactory—151 boys have so far been handled under this system.

## PLAYING TENNIS IS NOT TOO NOISY A GAME FOR SUNDAY

Magistrate Cohen yesterday decided, with the concurrence of Crown Attorney James Wallace, that tennis playing was not a "noisy" game within the meaning of the Lord's Day Act passed in 1843, and ordered the withdrawal of the charge of breach of the act, which had been laid against seven Toronto tennis enthusiasts. A number of other youths were fined for playing baseball on Sunday, however, on the ground that baseball was a noisy game.

## Local Teams Play Football Thursday 26

Both Teams Made Up of Local Players for Workout

The local football executive has arranged for an exhibition game here next Thursday evening. Two teams from among the local players, have been picked and it is hoped the players chosen will turn out to the game that the committee may be assisted in getting a line up for the first league game which is expected to be called in the near future.

The following are the teams picked for this game:  
Letterbuckers  
Goal, G. Thompson; backs, G. Davies and R. Picking; halfbacks, J. Lakey W. Willis and J. Polenta; forwards, A. Duffin, J. Dwyer, A. Maskell, U. Phillips, Jim Kerr, Reserve, Ed. Vernon.

## Newsworthy

Goal, G. Thompson; backs, Parup and Stanton; halfbacks, W. Waters, A. Stronach and K. McKay; forwards, W. Duffin, G. Calhoun, K. Duffin, N. Willis, J. Henderson. Reserve J. Christensen.  
It will be noticed there a number of young men are named in the lineups. The committee is looking to them for assistance not only in practice but in filling up the ranks of the teams. In the case of the occasion required. There is no doubt that most of them will catch a place in some of the league games during the summer.  
Don't forget the date, next Thursday, May 26, on the football grounds at 5:30.

## Canadian Graduates Going to the U.S.

Two Is Losing More of Her Own Educated Talent Is Coming to

Some startling statements appear in the current issue of Maclean's Magazine on the emigration, past and present, of Canadians to the United States. The writer asserts that during the years from 1921 to 1926 the federal government spent \$12,000,000 on immigration and as a result succeeded in drawing 525,149 new Canadians to the country. In the same period, 638,016 Canadians were recruited at Washington as having crossed into the States. The writer says that in the face of such statistics is that we are losing our own numerically, but also, and loss of the most preferred class of population. Under States' figures on the return of Canadians during the 1921-1926 period place the loss at 16,000, leaving a net loss of over half a million. Even more depressing from the Canadian standpoint is the heavy call on the output of Canadian universities. Thousands of young men and women are educated in Canada but when they are in a position to perform useful service to the dominion they migrate and devote their talents to the furtherance of American prosperity. Since the close of the war, declares the writer in Maclean's, "modern Canada has been exporting its best brains at a rate no other country of the world, at rates which are the lowest in the world."

## BRITISH UNEMPLOYMENT BELOW MILLION MARK

For the first time since the general strike, which occurred early in May, 1926, the unemployment figures for Great Britain are now below the million mark, being 908,000, or 20,000 fewer than a year ago.

The improvement in employment is most noticeable in the iron, steel and engineering industries. There is still depression in the coal fields, however, and four mines in the South Wales are closed temporarily.

## PORT ARTHUR TO HAVE THE WORLD'S LARGEST ELEVATOR

Work is to start immediately on the construction at Port Arthur of a 2,000,000 capacity elevator for the United Grain Company at a cost of \$2,000,000, the whole to be completed by February, 1928. This will be the largest elevator on land, the elevator constructed in one unit, in the world.

# \*\*\*\*\* VIEWS OF GREAT MEN

Endeavor to cultivate and to cherish a cheerful, or at least a serene, habit of mind. It is more in our power than we are in general aware of. It is only when the opposite, or any other ill habit, forcibly presents itself, that we are by that tyrant custom, that we see and feel and fruitfully bewail our error.

## \*\*\*\*\* OUTDOOR SPORT

THE season for outdoor sport is now upon us, and it comes a certain amount of responsibility upon all those who are desirous of encouraging this line of our activities, and who are anxious to see their own home town make a good showing throughout the season.

There are many ways in which all can help make this possible.

First of all these three who, in the past, have taken an active interest in some line of sport. All such can help in giving new officers and players the benefit of their experience by turning out to meetings and practices and lending themselves to furthering the success of the particular line in which they are most interested.

Then there are the young people who are casting about for some line of outdoor sport with which to identify themselves. These are the ones upon whom the success of athletic sport in the future will depend and it is up to them to take advantage of every opportunity to prepare themselves for the tasks which lie before them. They should get out to practices and be willing and ready to fill in any gaps which may arise from time to time on the sports teams. But in doing this they should be very careful to avoid getting what is commonly referred to as the "swelled head." They should not think that because they are asked to fill in for one game they should be looked upon as a permanent fixture in senior company.

Those at the head of any athletic organization are just as anxious as the players are to put the best possible team in the field for every contest, but there are times when it is advisable to try out new blood, in order that some one may be gained as to whom really are the best. If on such occasions some are left off they should not get sore but rather they should get into the game more enthusiastically than ever to help others along and at the same time improve their own chances.

It has often been said that good, clean, wholesome sport, brings out the best there is in those who take part in it. It's a good record for sport. Let us maintain it.

Then, too, there is the public. Much depends on the public for the successful carrying out of sport in any community. Without public support no line of sport, amusement or entertainment can be a success. And when it is remembered that the success of any community depends largely on happiness, entertainment, social, moral and physical welfare of its people, the wonder is that more attention is not paid to these lines by those most interested in the success of the community.

## WHAT BECOMES OF THE LOST CUSTOMERS?

WHERE do customers go? Where have any hundred gone that once traded with any merchant?

Nine now buy elsewhere, tempted by price inducements. Three have moved to parts unknown. Death occasionally occurs to claim one.

But the biggest customer defection—around 87 per cent—is made up of folks who have drifted away because of fancied grievances, because friends influenced them to shop elsewhere and because of store indifference to them.

These figures are compiled from statistics available to the retail trade and can probably be applied with fair accuracy to the average retail store.

Such a loss of trade is more than an ordinary loss. It is really a preventable waste. For these people still have good money spend, only they are now spending it with someone else.

New customers are good to get and old customers are even better to keep. And good printing will help you hold them and cultivate their friendship. They won't come in and shake your hand every time they pass. But they will gladly take your printed message home, either in the form of a circular or your advertisement in the home paper. Customers, after all, are human beings. Human beings often forget, sometimes are fickle, and occasionally acquire fancied grievances. Give them a well-printed, thanking them for their patronage, is balm to feelings that may have been unknowingly strained. An interesting advertisement about your merchandise and your new department will make your customer more likely to bring his friends to you than follow his friends elsewhere.

Keep in touch with your customer by keeping in touch with a good printer. Let him add his skill to your plans to produce direct advertising that will bring new faces to your door and keep old customers contented—Literary Digest.

Mary Pickford says the movie stars are getting tired of being spanked. Douglas should cut out that "Black Pirate" stuff.

Now that a number of dogs in the province have been found to have rabies, those having dogs should keep a close eye on them for a while. This is a very dangerous disease.

It is reported that an Ontario distillery will soon operate a large broadcasting plant. After the long dry spell in that province the operators should not experience much difficulty in securing performers for their programs.

A heading in yesterday's daily says: "Two murders and 100 hold-ups in Chicago in one day." Similar report adorn the front pages of American papers almost daily. It's no wonder the United States has no time to look after its own people in Nicaragua, Mexico or China. They are kept too busy at home.

Six weeks from tomorrow will be the 1st of July when Canada will celebrate her diamond jubilee as a dominion. The time will soon slip around. Committees appointed to make arrangements for the celebration should see that all plans are completed in good season. Much of the success of the day will depend on the timely arrangement of the program. The day should be made of especial interest for the children.

After reading that much discussed letter which Miss Agnes Mearns wrote to the school in her home district, one wonders why all the fuss. The letter

contained nothing but what everybody who ever studied history knows to be facts. The cause of many of our troubles today is because too many people are afraid to face facts. The result is that instead of trying to remedy past mistakes we simply sit down and condone them.

As a means of preventing accidents with children, a petition to an Alberta town advocates that school teachers give periodical talks along this line to their scholars. Children playing on the street are about the hardest proposition to figure out, an auto driver is up against. They invariably run the wrong way and very often the start cutting up pranks to annoy the driver. They should be frequently warned against this practice.

Hutterites in the Pincher Creek district are starting an agitation to have their own schools. Any government, or municipality or school district in Canada, which caters to the whims and eccentricities in school matters of any foreign sect coming to the country, but making a rod for its own back and is setting a precedent which is bound to react to the detriment of the whole country.

The very best way to make good Canadians out of the young foreigners coming to our shores is to have them mix with our own children in our own schools. And there is nothing which will retard their progress and development more than to allow them to segregate themselves into colonies where their old ideas, language and customs will be taught and perpetuated.

## Canadian Wealth Goes Up in Smoke

Left—Highway near Alberta, B.C. Right—Moose—Forest clearing on Vancouver Island.

The forest fire situation in Canada during 1926 again proved a very serious one. Indifference, ignorance and carelessness, and other mischievous forces meant a total loss and gross damage to Canada last year estimated at \$7,600,000. Since the exploitation of Canadian forests first began it is estimated that from four to five times the amount of timber actually used has been burned through forest fires. When it is realized that the forests are the second greatest source of wealth, agriculture being first, the waste from forest fires each year can only be likened to the damage done if four-fifths of Canada's great field crops were destroyed each year.

Forest work has been observed this year in Canada from April 23 to 26, coming in the middle of the season when forest fires are often most serious. Perhaps the greatest offenders against the national wealth of the country during the summer and fall months are a great army of tourists and campers which invades the woods from the Pacific to the Atlantic every year.

"Stop! Before You Go. See that Your Fire is Out." Warnings worded something to that effect have been posted generously throughout the northern woods, especially in Ontario, and of the thousands of campers here are none who are not familiar with the bright yellow placard and its warning. Yet a deplorable number of tourists who call themselves good campers apparently think that such signs have been placed by the fire rangers merely to point out a good portage.

Burning cigar ends and cigarette stumps and, above all, the little camp fire that doesn't look as though it could do a bit of harm in the world, are the cause of great fires throughout the northern woods that mean a loss of millions annually to Canada.

It has been proved that some of the worst forest fires have been started by some apparently petty care-

lessness of a camper, and could have been prevented had he stopped for a minute or two and thrown a few pails of water on the smoldering embers. The camper who fails to take this slight precaution is guilty of a great crime against his country.

The introduction of airplanes into the fire patrol work in the north is proving of incalculable value to the country. The great advance that has been made in forest fire fighting lately is through the fact that fire-detection and fire-suppression have been separated through the use of the scout planes. Formerly there could scarcely be a division of labor. Rangers were assigned to long beats which might take a fortnight to cover, who patrolled these singly or in two or three airplanes. It will thus be seen how limited would be the protection thus afforded for if the ranger discovered a fire too large for him to handle it might take a week for him to communicate with headquarters for help.

The Canadian Pacific Railway Company have paid special attention to this serious question and have adopted most up-to-date fire fighting apparatus. In order to eliminate fires along their lines through sparks from engines, the right of ways are carefully cleared of anything inflammable, such as long grass and underbrush. During the passage of the company's trains through the mountain regions where the forests are heavy, oil-burning engines are used, thus entirely eliminating the danger of fires.

The mechanical equipment maintained at convenient points by the C.P.R. consists of a number of tank cars and hose. Each tank consists of two cars with a capacity of 7,000 gallons each, equipped with powerful pumps and about a mile of hose.

Through the co-operation of the railway with the various provincial forces many serious fires have been prevented, resulting in an enormous saving of Canadian natural wealth.

## THE REDCLIFF REVIEW

# WORLD HAPPENINGS BRIEFLY TOLD

Mr. Elmer Howard, British ambassador at Washington, and Lady Howard, will visit this year, Western Canada.

There has been a movement to abolish the present law making the President eligible as a candidate to succeed himself.

Two fine autographed engravings of the King and Queen will occupy a place of honor in the new Canadian legion.

St. John's, Newfoundland, near St. John's, announced that several cruises in the Atlantic will have become active.

A Royal Air Force bombing area plane landed at West Church, New York, and five other subjects were injured to death.

Quebec provincial general elections will be held Monday, May 16. Elections will take place May 9. These dates were announced following a meeting of the cabinet.

An Egyptian Telegram dispatch from Cairo says that the Egyptian Government has resigned. The Egyptian ministry was formed in 1925, with Adly Yeghah Pasha as premier.

Discovery of a radically different treatment of the American form of sleeping sickness, now yet determined, and what may lead to a successful eradication of this disease, was announced by Dr. Frederick J. Parnell, of Providence, R.I., its discoverer.

A final of unusual interest has been held in the workings of No. 2 mine at Glace Bay, Nova Scotia. The petitioned form had the appearance of a smooth or siliceous about two feet long and was discovered embedded in the sedimentary about two miles under the Atlantic.

## Would Mean Serious Struggle

Vast Alien Invasion in China Likely to Prevent Nation Going Backward

Chang Tsai-lin has declared himself ready to welcome any form of popular revolution in China, but is opposed to the revolution of the Soviets.

In China money no longer counts. It is therefore reasonable that if the Soviet government were to spend money enough, the province of Chang Tsai-lin may be overcome.

St. John's goes to the aid of the Chinese. The province of Chang Tsai-lin may be overcome. The province of Chang Tsai-lin may be overcome.

## Education Intensive In Budapest School

Pupils Ready for High School at Ten Years of Age

Budapest is very intensive in education, according to items just received, newspaper of that city, who is now doing similar work in Chicago. "The grammar school consists of four years instead of eight, but we learn as much in those four years as you do in eight," says Miss O'Brien, its intensive study. We begin at the age of 4 and at 10 we are ready for the high school. Four years there, and we graduate at the age of 14 or 15. There follows a three or four year course in a continuation school, or we must prefer it, a private course which allows the three years in less than a year. At the age of 18 we are prepared for work. There is a law against working before the age of 14.

## Testing Diabetes Treatment

Mytiline, a substance extracted from huckleberry leaves, which, it is asserted by Dr. W. M. Allen, Montreal, N.C., will be of assistance in treating diabetes, is being experimented with at the University of Toronto. Canada and throughout tests of its quality have been and it will bring made, and it is expected that an announcement will be forthcoming shortly as to the results attained.

## Alberta Affairs for China

Some 200 tons of alfalfa, from Southern Alberta, will be shipped to Vancouver, where it will be reshipped on the backs of 70 camels per carload and shipped to China for the use of the army horses of the British forces in that country. So far as known this is the first time that has been shipped from this country to the Orient.

## Some Were Absent

Graduation was a birthday party.

"You invited me out for each year of my age," she smiled, when the guests assembled.

Marjorie looked over the rather long "20" list and said, "she said, sweetly, 'that the others couldn't come, but I just know we'll have a good time anyway.'"

## Winnipeg Newspaper Union

John I. Hald, young British in Winnipeg, has been appointed to the position of British representative between London and New York. He proposes to give a wireless telegraph - television demonstration between London and a New York store shortly. A special recording has been built for the purpose.

Mr. Hald said that he would work for his experiments between his station at London and station at New York. A new station has been installed in America by means of which Mr. Hald says it will be possible to demonstrate the practicability of his invention. If these tests are successful, Mr. Hald will be the company of which he is technical director, will place a television receiving set on the market at a cost of \$100.

Wholesale interest was aroused in London by the successful television experiments between New York and Washington. Although many experiments in television have been held in Britain, engineers of the General Post Office are not interested with the scientists on both sides of the Atlantic who are trying to bring this new development with to each of the public. A post office official, questioned on the subject, replied: "There is much to be done before the post office enters as a public service of 'television'."

## Plan Memorial at Ottawa

The Canadian Club of Ottawa, the largest and most representative Canadian gathering in the United States has decided to take the initiative in raising funds for the subscription to a suitable memorial to be submitted to Parliament Hill at Ottawa to commemorate the centennial of the sixtieth anniversary of Confederation, the sentiment of devotion to their native land of Canadian residents in the United States.

## The Changing West

Senator W. C. Buchanan, publisher of the *Lethbridge Herald*, and devoted the Toronto Young Men's Board of Trade recently on "The Changing West," pointing out the transformation in progress from straight grain growing to mixed farming with industry, cattle, and sheep, all tending to broaden the economic and labor basis of the West.

White Star Liner "Alberic" 19,000 Tons, Largest Ever to Sail From Montreal

Another page to the winning history will be written this season when the Alberic of the White Star Line Canadian Service (shown above) docks at Montreal at the end of April, as will be the largest steamer ever to sail up the river St. Lawrence as far as Montreal.

Prior to this season the Pacific and British ships sailing in the White Star Line Canadian service, had the record for being the largest steamers to enter the port of Montreal. They are 12,000 tons each, but the Alberic is 19,000 tons and, therefore, 2,000 tons larger than the Pacific and British.

The Alberic will be used on the direct route to Liverpool and London, while on the westbound route, she will call at Queenstown, where she will have a stopover, and then on to Liverpool and London. She will be used on the direct route to Liverpool and London, while on the westbound route, she will call at Queenstown, where she will have a stopover, and then on to Liverpool and London.

### Interesting Local Items

Mrs. Hile, of Telemberg, Ont., is spending this week in town visiting her father Mr. J. L. Wright.

Mrs. T. Haver of Medicine Hat, mother of Henry Haver, at one time on the station staff here, died suddenly last Tuesday.

The high wind last Thursday blew down the swimming pool fence and a few telephone poles. Some telephones were also put out of commission.

The local garage, conducted by Henry Kitchen, has now installed a 24 hour service for its patrons. In future your wants can be taken care of at any time of the day or night.

The rolling mill at Medicine Hat has been sold to L. A. McElroy and associates of Erie, Pa. It is stated the new company will install an open hearth furnace.

As next Tuesday will be Empire day and observed as a holiday, all the stores in town will be closed. Don't overlook doing your shopping Monday evening when the stores will be open.

The three brick yards in town are going strong these days. All are kept busy filling orders from all quarters of the west. Redcliff brick is now recognized as the best brick in western Canada. Hence the demand.

Students graduating from Calgary Normal School have decided by resolution not to apply for positions as teachers for a salary less than \$1000 per annum.

In a wreck on the C.P.R. near Nipigon, Ont., last Sunday morning, all the mail, including registered letters, was destroyed by the burning of the mail train.

Quite a number of friends of Miss Marie Fitzhugh paid her a surprise visit last Friday evening. Games and dancing were indulged in, and all report an enjoyable evening.

On the eve of her departure for Reno, Nevada, Evelyn Cook was conferred a farewell social by the high school students. Games and dancing during the evening refreshments were served. David Broadfoot, president of the L.I., expressed the regret of the students at losing the guest of the evening and extended the school's well wishes for her success in her new home. As Evelyn was showing signs of her latest feelings at this stage, Mr. E. L. St. was regretful for her, thinking the hosts for the very pleasant evening arranged in her honor.

L. Holsten, Sr., arrived in town last week and on business with the Dominion Cane plant here.

A nice variety of flowers for bedding out, also vegetable plants, for sale at reasonable prices at the Dominion Greenhouse, or at A. E. Smith's store.

Donald Lamont, of Calgary, formerly of Redcliff, is spending this week in town visiting his sister, Mrs. Brown.

Mrs. Whitlock of Buffalo, returned home this week from Medicine Hat hospital where she gave birth to a son. Mother and son are doing nicely.

The Dominion Greenhouse here has an exceptionally fine crop of tomatoes, cut flowers, and also flowers and vegetables for setting out.

S. E. Gust is making preparations for opening another store at Cardston. He expects to have it ready to open up on June 1st.

Now that people have their gardens in extra production should be taken to see that stock is securely locked up or tethered.

The attention of prospective travelers is called to the slight change of the time of trains passing through here. The schedule appears on the front page.

G. H. Pearson has made some changes in his store which make it more commodious and convenient. Anyone getting new auto tires at his pump will now be able to get them pumped up.

In the final knockout football series played between Medicine Hat last Saturday between the Callies and the C.P.R., the former won out by a score of 4 to 0. In this series the Callies have made a whirlwind start.

The whist drive social in the Parkin hall last Monday was thoroughly enjoyed by all present. The winners of prizes were Miss L. Kops, Mr. W. Williams, Miss Ada Vernon and Mr. K. Johnson; the latter two being consoling by the thought that their prizes will grow, and that their chances on Thursday night may also be bigger.
